URGING A MORE AGGRESSIVE POLICY FOR

THE L. A. W.

A TALK WITH WILLIS B. TROY-DOINGS OF ZIM-MERMAN, SANGER AND TITUS-L. A. W.

> AND BOARD OF TRADE CON-FERENCE TO-DAY.

Those who have the welfare of the League of American Wheelmen at heart are convinced that the Executive Committee of the L. A. W. should adopt a more aggressive policy at once. Here is an organization of National scope, with influential members all over the country, practically standing still. The good work accomplished by Isaac P. Potter, the chief consul of the Newaccount. The L. A. W. wants workers, not posers, and a few more workers and thinkers of the Potter stripe, distributed through the stripe, distributed through the country, would put the L. A. W. where it properly belongs.

Willis B. Troy, who managed Zimmerman's affairs when the champion went to Europe, was seen in Park Row yesterday. "I am sorry to hear of Sanger's relapse," said he, "but I am not sur-prised. I think that a serious mistake was made to train him so soon after his illness. Sanger is a wonder, and had he been a well man, and ith Shafer to handle him, I think he would have accomplished still more wenders this year. Titus is a good man, of course, but my offer to produce an amateur who can beat him in an hour race

"Zimmerman may go to France in June," said Troy, "as has been rumored, but I do not expect to see him do any racing there, even if he went It would take at least there in June. It would take at least ten weeks to get into proper condition. Then it would be time for him to go on to Australia, where he is scheduled to appear later in the year. I should not be surprised if Zimmerman did not race at all this year. I understand that his wife is opposed to his racing. All in all, no one need be astonished to bear that Zimmerman is referee ing those races in Australia next winter, instead of capturing first prizes on his wheel

"Yes, the old Professional League was organized two years too soon. The time is now ripe for just such an association, and properly conducted it such an association, and properly conducted it would be a success. Such a league would bring over a score or more of the best riders from the other side, and with our own string of racete excellent contests would result. Hich prizes or purses could be offered and stake races could be arranged which would attract liberal patronage from the public Yes, we have a lot to learn about tracks. Stil, i believe that a practical track-builder could take hold of Manhattan Field and lay out there one of the fastest tracks in the world. The riters do not object to the track uptown because it is not big enough, but because it is not safe, those turns being really dangerous.

Local riders show a disposition to give Central Park a wide berth. The roads are not kept in any too good condition, certainly not in so good a condition as the drives in Prospect Park, Brooklyn. Then the enforcement of the rules prohibiting cyclists from resting upon the park benches has not heiped to make New-York's pleasure ground popular with wheelmen.

for with wheelmen.

Eome improvements are needed along the cycle path in Brooklyn, and there seems to be no good reason for further delay in this matter. The path is rough and uneven in places, and a steam roller is badly needed. Then the men who are cutting away the ground for the Kings County Electric road should be hurried along, for the present obstruction is a nuisance to both wheelmen and horsemen. An occasional park bench on the grass plots on each side of the path would be a popular innovation. Another improvement would be the writing of numbers on the mileatones. Then wheelmen, as well as horsemen, would have some idea of the distance already travelled or to be travelled over.

A. G. Spalding & Brothers, appreciating the good work done by the chief consul, and knowing Mr. Potter's ambition to have the New-York State division lead the country, have sent to him the following letter: "We will give to the wheelman or wheelwoman residing, or having a place of business of employment within the city of New-York, or Brooklyn, who shall secure the greatest number of members for the New-York State Division of the L. A. W. between May 15 and December 31, 1895, a Spalding bicycle of the 1896 model, to be selected by the winner. We leave the further conditions of competition and award to be decided by the Executive Committee of the New-York State Division."

An important conference of committees representing the League of American Wheelmen, and the National Board of Trade, will be held at the Vanderbilt Building to-day. President A. C. Willison and Vice-Presidents Perkins and Morrison, will represent the L. A. W. The committees will pave the way for co-operative methods looking toward road improvements, class B. contract jumpers, and a system to secure the return of stolen wheels.

A petition is being circulated among the members of the Kings County Wheelmen suggesting a withdrawal from the Metropolitan Association of Cycling Clubs, and a joining with the Long Island Association.

MEETING OF THE CYCLING BOARD OF TRADE A meeting of the Cycling Board of Trade was held yesterday in the Vanderbilt Building. The of the Executive Committee was called to order at 10 a. m. The following members attended A. G. Spalding, chairman; George Pope, R. Lind-say Coleman, Joseph McKee, William F. Wilson and the secretary, Ernest R. Franks. The leasing of offices and the contracts submitted for the National cycle shows, one in the East and one in the West, were approved. The committee reported that satisfactory progress was being made in the formation of local boards; that matter for the new handbook of the association was being rapidly compiled
and a scheme for the prevention of bicycie-stealing
was under consideration. Plans for increasing the
membership will be considered and provision made
for the transmission of exhibits to the two shows.

The Board of Directors convened later. The following members attended: A. G. Spalding, president; George Pope, vice-president; R. Lindsay Coleman, William F. Wilson, E. C. Stearns, C. W. Dickerson, J. B. McKee, William A. Redding, treasurer,
A. Kennedy Child, secretary; Ernest R. Franks,
recorder.

On favorable report by the Membership Committee the following associate members were elected: Browning Brothers, Thomas H. B. Varney, Koster & Co., Speirs Manufacturing Company, W. W. Mooney & Sons, and Porter & Glimour. The Executive Committee was instructed to prepare a set of rules and regulations for the government of the cycle shows. Frank W. Sanger and N. H. Van Sicklen were appointed Board of Trade managers for the Eastern and Western shows respectively. The Executive Committee will also prepare a form of guarantee to be suggested for use by makefs and sellers, and the committee will also ascertain whether manufacturers are in favor of uniformity in certain parts of bleycles. Steps will also be taken as to the formation of collection bureaus.

BROKE A COLLEGE RECORD.

Princeton, May 7 (Special).—In the Caledonian games yesterday afternoon Teddy Goodman, of the course in Princeton University, rode two miles in four minutes and fifty-five seconds, breaking the collegiate record, which is now held by Otheman, of the College of the City of New-York, whose time is five minutes and seven seconds. Goodman was not a regular participant in the games, but simply rode a paced two miles against time.

A BIG SALE OF ORIENTAL RUGS. There will be sold to-day and the three following days, beginning at 2:50 p. in., a collection of nearly 1,000 Oriental rugs and carpets, in the American Art Galleries, Madison Square South. They are from the looms of Persia, Turkey and India, including rare and fine specimens, as well as inexpensive weaves of desirable sizes and selected designs. The auction will be absolute. The American Art Association manages the sale, and Thomas E. Kirby

PREPARING FOR MGR. FARLEY'S JUBILEE. Seventy-five priests of the Archdiocese of New-York met yesterday, at the Mission of the Immaculate Virgin, Lafayette Place, to prepare for the silver jubilee of Monsignor John M. Farley. It was resolved to present a testimonial, with appropriate resolved to present a testimonial, with appropriate resolutions, to Monsignor Farley, who was admitted to the priesthood on June II, 18-0. A committee was appointed to carry out the purpose of the meeting. It is composed of Dean McKenna, Dean Penny and the Rev. Charles Cotton. The entire diocese was represented at the meeting.

CUT HIS WIFE'S THROAT.

Thomas Hopper, a waiter, thirty years old, tried to kill his wife, Sarah, about 4.20 o'clock yesterday morning, in their apartments on the top floor of No. 5 Batavia-st. While the woman was in bed Hopper cut her throat with a razor. The wife's cries brought the police and prevented her hus-band from murdering her. The wounded woman was removed to the Hudson Street Hospital. The wound inflicted was not serious. Hopper was ar-rested by Policeman Theodore Meyers, of the Oak-st. station.

THE COURTS.

A JUROR IN TROUBLE.

JOSEPH FALLON ENCUSED FROM ACTING IN A CASE BEFORE JUSTICE ANDREWS.

The trial of the action brought by Joseph P. Wessman, a tailor doing business at No. 15 West Twenty-seventh-st., against the Providence Washington Fire Insurance Company, to recover damages arising out of the fire which occurred at the Fifth Avenue Theatre several years ago, came to an unexpected stop yesterday in the Supreme Cour: before Justice Andrews and a jury. The reason the trial was stopped was the conduct of one of the jurors, Joseph Fallon, who is in the produce went out and had several drinks in company with came to court yesternay he told his counsel, ex-Deputy Attorney-General Poste, about the circum-stances, and Mr. Poste in turn communicated with Wales F. Severance. Both counsel had a whis-pered consultation with Justice Andrews concern-

When the court was reconvened after recess by Justice Andrews, he called Fallon up to the bench and informed him that it had been stated by Wess-man that he (Fallon) had called at Wessman's place of business and, after calling him outside, had gone versation had said that he was favorable to his side of the case.

versation had said that he was havorable to asside of the case.

Fallon appeared to be somewhat nervous, and
denied most emphatically that he had said anything about the case whatever.

Justice Andrews excused him from the case, and
instructed Mr. Poste, counsel for Wessman, to
present papers to him upon an application for an
order requiring the juror to show cause why he
should not be punished for contempt of court. The
case was then taken from the jury and postponed
for several weeks. Fallon said that he was anxious
to have the matter investigated.

THE WRIT OF REMOVAL DENIED. COLLIS P. HUNTINGTON WILL NOT GO TO CALI-FORNIA FOR TRIAL.

Judge Addison Brown, in the United States Disthe case of Collis P. Huntington, president of the Southern Pacific Railroad, who was indicted by the Grand Jury of the Northern District of Califormis for a violation of the Interstate Commercial law by having issued a free pass to Frank M. Stone. Judge Brown denied the application for a writ of removal. Mr Huntington will not go to pr California for trial. In his decision Judge Brown "The application for removal must be denied on the ground that the indictment is fatally defective in not averring that any use was ever made of the pass, or that any transportation was ever furnished under it."

DEMURRER IN THE LOTTERY CASE. ACTION AGAINST CHARLES H. MURRAY, JOHN A. MORRIS AND ZACHALIAH E. SIMMONS HE-

FORE JUDGE WHEELER. Argument on a demurrer in the case of Harry P. Watson, of East Grange, N. J., as a iministrator of the estate of James S. Watson, late of Bergen County, N. J., against Charles H. Murray, John Morris and Zachariah E. Simmons, of this city, was begun yesterday before Judge Wheeler, in the United States Circuit Court.

The action is for an accounting of the affairs of the Louisiana State Lottery Company, out of which the complainant claims about \$700.00 as due to the estate of James S. Watson. Watson died June 1, 1872. During his lifetime he had been extensively engaged in the operation of lottery companies. The com-plaint alleges that in 1868 Watson was a member of the firm of C. H. Murray & Co., which included in the copartnership the three defendants in this suit. The business of the firm was the operation of lotteries in the United States; and it was owner of certain franchises and property interests, known as lottery grants, of the Louisiana State Lottery Company, which were then lawful property in the State of Louisiana. The suit is for an accounting of moneys and property said to have been as cumulated under a contract between the members of the firm of C. H. Murray & Co. and the Louisi-

ana State Lottery Company.

The complaint alleges that the defendants proceeded to avail themselves of large pecuniary profits derived through the contract, and wholly ignored the rights of Watson and others interested. The defence denied that James S. Watson was ever a ekholder in the concern, and states that the defendants Murray and Morris, partners of Watson, entered into a conspiracy to defraud the lawful members of the firm out of large sums of money.

M'LAUGHLIN'S TRIAL TO OPEN FOR-MALLY THIS MORNING.

TWO JURGES SECURED AT YESTERDAY'S SESSION TO FILL THE PLACES OF DU-

When Justice Barrett took his seat yesterday morning, in the Court of Oyer and Terminer, where eter William W. McLaughlin is being tried on a charge of bribery and extortion, there were only ten jurors in the box. There were twelve jurors in the box Monday morning, but before the day was over two of them had been excused. The excused before the day's procedings would come

Colonel James began by saying he would put in an exception to the remarks the Court made in setting aside Durando and Fritz. He then moved that the Court proceed no further with the trial owing to the irregularity in setting aside the two

Justice Barrett denied the motion, and then the hunt for the two remaining jurors began. eral talesmen were examined and excused before

After recess the work of selecting the two re-

maining jurors was resumed.

The first talesman called was Richard Acceta merchant, No. 6 Old Slip. In reply to Mr. Fox he said he knew John A. McCall, president of the New-York Life Insurance Company, who is a friend of Inspector McLaughlin.

"Do you think your acquaintance with Mr. Mc-Call would influence your verdict?" asked Mr. Fox. Colonel James was on his feet in an instant protesting against the question. Justice Barrett over-ruled the objection and directed the talesman to "We'l," said he, "If Mr. McCall told me that the

defendant was an honest man and was incapable of committing such an act. I would believe him."

Colonel James took a hand at this juncture.
"Do you believe that you can decide the case on the evidence, notwithstanding the friendship between Mr. McCall and inspector McLaughlin."
"Nectably, str."

"Too you know a man named H. B. sire?" asket Mr. Fox.

"Tes, sir, he is a cousin of mine."

Stein took his seat in the box again, and was formally sworn in as suror No. A Mr. Pelikan, the sixh juror, was challenged peremptorily by the prosecution. The prosecution had now exhausted all their challenges. Pelikan was leaving the court when he was called back.

Colonel Fellows then announced, after a consultation with his colleagues, that he would withdraw his challenge in regard to Pelikan, if the defence were satisfied. Colonel James said his side was willing, and Pelikan again stepped into the hox and was sworn in as juror No. 6. The jury was at last complete, and an adjournment was taken until this merning at 11th, when the trial will be formally begun.

The following is a complete 1st of the jury: Philip Schneider, drygoods, No. 1.21 Union-ave., Charles W Purdy, insurance, No. 157 Readessi, Herman Stern, instrument manufacturer, No. 184 East Seventy-lifthest. DEDICATION OF A SCHOOL BUILDING.

Asbury Park, N. J., May 7 (Special).-The new Asbury Park High School Building, in Bond-st., was formally dedicated to-day and turned over to the Board of Education for Neptune Township. Addresses were made by State Superintendent A ex-State Senator Hayes, president of the State Board of Education; Professor C. Gregory, superintendent of the Long Branch public schools; Dr. intendent of the Long Branch public schools; Dr. J. M. Green, president of the State Normal School at Trenton; the Rev. Dr. E. H. Stokes, president of the Ocean Grove Camp-Meeting Association, and others. The Executive Committee of the Ocean Grove Association attended the meeting in a body. Dr. J. H. Bryan's chorus choir and a male quartet furnished the music. The exercises were held in the assembly hall of the new building, which seats 700 people. The building cost \$36,000, and is one of the finest public school buildings in the State.

NO. 69 BOASTS A FINE SET OF PUPILS.

SOME SUGGESTIONS AS TO THE BUILDING-DR. ELGAS'S GOOD WORK-SCHOOL SPIRIT AND THE AMERICAN GUARD.

It is unfortunate that the usefulness of such a school as Grammar School No. 69, in Flfty-fourth-st., near Sixth-ave, is impaired by an inadequate building. The school was organized in 1876, under the direction of Dr. Matthew J. Elgas, and it is largely owing to his able administration and untiring effort that it has become one of the best public schools, not only in New-York, but in the United States.

the under teachers and in the enthusiasm of the pupils. The children especially want it to be distinctly understood that they are not attending an ordinary New York institution. "At this time it leaked out that another panel of 20 talesmen had been called for to-day.

Charles B. Stein, No. 112 Nassau-st. real estate, proved acceptable to both sides, and occupied the fifth seat in the box provisionally.

There was only one seal now vacant in the box. Emanuel J. Pellkan, jewelry broker, No. 146 East Ninety-seventhest, proved acceptable to both sides and took the sixth seat in the box, which was full once more. Mr. Fox then recalled Charles S. Stein had the office was retried that a heat good and with the member "65" on it, which is worn by nearly all the pupils.

For some years after the school building was erected, plgs, chickens and goats were more numberous of the most conspicuous features of the landscape, as seen from the rear school was an enormous pile of rocks in Fifty-fifth-st, topped with a typical squatter's shanty, from which and the office was retried to his brother.

Music also has received attention. Under the direction of Miss M. L. Carolan the body are trained in four-part songs, and are taught to sing by note from the time they enter the school.

There are two supplementary classes in No. 65 besides the college preparatory class. Pr. Elgass assistants are herman if Boseme, Bernard Cronson and Thomas C. Halligan, Dr. Elgas is the president of the Teachers' Amaigamated Association, and he is also secretary of the University and School Extension, Miss Annie M. Hoffmann is at the head of the girls' department, and Miss Julia M. Ellioit is principal of the primary department.

ANOTHER PANIC IN ST. JOHN'S.

RUNS ON ALL THE BANKS THE INSTITUTION

ABLE TO MEET ALL DEMANDS. St. John's, N. F., May 7.-Last night a rumor was pended payment owing to the depression in Canad-ian railway securities and the deficit in the Canadian revenue. The report spread rapidly, and this morning a run began on the branches of the Bank Montreal, the Bank of Nova Scotia and the Merchants' Bank of Hallfax. A run was also begun on the Government Savings
flank. This bank is supplied by the Bank of Montreat, which has plenty of coin to carry both safely
over the crisis. The business nen and the more
intelligent classes of the city have not taken part
in the run, being confident of the stability of all
four institutions. Only the poerer people have been
affected. The rumor eriginated with some of the
anti-confederation people in the city, who are
blamed by all classes for their incendiary writings.
The anti-confederation press is also largely tre
sponsible for the sensation.

The run has practically ended. The crowds ceased
to demand their money this afternoon, and at the
close of business all the institutions were reported
to be in a normal condition. About \$0.000 in gold

country is expected during the next few days, but
all the banks are prepared to meet their demands.

MON COUNCIL TO RESCIND THE PERMITS. The Rapid Transit Commissioners yesterday held adopted routes. The full board Commissioners Orr, Low, Steinway, Inman, Starin and Claffin was to a fund to be established for the purpose of making experiments. On Mr. Steinway's motion, no action was taken in reference to the matter. The
report to be submitted to the Common Council, embodying the routes and rapid transit plans, was
discussed for a long time.

Mr. Steinway moved resolutions, which were
adopted, respectfully requesting the Common Council to result the ordinances under which permits
for vanits on Broadway between Vesey and Thirtyfourth sits, are now granted, and take such action
as may be proper to prevent further grants of such
permits. The board then adjourned till 12 noon.

THE TREASURY OF TEXAS EMPTY

Austin, Texas, May 7.-The State Treasury, when Treasurer Wortham. The passage of the General Appropriation bill by the Legis'ature just closes made the State Hable at once for \$14.00. To pa male the State liable at once for \$114,00. To pay this amount there was only \$100,000. The bill became effective yesterday, and warrants were drawn, and within six hours every cent of the \$100,000 in the treasury was taken out, and there is now a shortage of \$514,000. Treasurer Wortham says it will be next January before the State will be on a cash basis again.
